

Is your child on target?

Child Check: Developmental Screenings for ages 0-5

Since all children develop differently, parents may wonder if their child is on the right track.

Child check is a free developmental screening to check a child's learning, communication, moving, seeing, and hearing skills. Checks are completed by early childhood professionals. If a child needs further evaluation, a referral will be made to the appropriate professional.

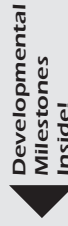

Child Checks are provided at no cost. They are held on a monthly basis by appointment only.

Ages 0 to 3rd birthday

Developmental screenings offered by Katie Bally of Rainbows to anyone residing in Sumner County. Contact Katie at kbally@rui.org or 316.295.7855.

Serving: Expectant Mothers/Families
Infants/Toddlers
Preschool Age Children (3-5)

Early Head Start

Early Head Start for Prenatal Parents

- Serves prenatal parents who meets eligibility guidelines prenatal to birth. After birth the infant is automatically enrolled into the program until their third birthday.
- Home visits focus on parenting, fostering attachment, basic care, health, family strengthening, stress reduction and life skills.
- Emphasizes social and emotional development and nurturing self-regulation.

Curriculum for EHS Prenatal Parents

Partners for a Healthy Baby guides home visitors in following research-informed, strengths-based & solution-focused curriculum to help parents feel prepared and informed.

Early Head Start for Birth until 3rd Birthday

The home visitors work with parents to create rich learning opportunities for their families.

- Serves infants and toddlers who meet federal guidelines prenatal until 3rd birthday.
- Offers research-based learning experiences to maximize growth and development in the home environment. Parenting classes are offered.
- Provides lesson plans covering all learning domains (language, cognitive, physical, social/emotional and approaches to learning) designed around every day routines and materials in the home.
- Offers child development play group experiences and outings.

Curriculum for Early Head Start

Frog Street's Love & Learn Curriculum--Birth to Three

utilizes age-appropriate activities and creativity to provide enriching learning experiences the whole family will enjoy.

Preschool

Futures Unlimited & USD 353 Pre-K

We believe every part of a child's day at school is a learning opportunity. The mission of the pre-k program is to provide intentionally planned environments that foster a sense of community and a lifelong love of learning.

Frog Street Pre-K Curriculum

Frog Street is a high-quality, research-based curriculum. The curriculum provides intentional instruction in key areas of development so children can effectively continue on the path to kindergarten readiness. The teachers work in partnership with parents and community partners to support a child's learning and development. Parenting classes are offered.

- Focuses on key literacy and math skills needed for kindergarten
- Integrates science, social studies & physical development
- Includes Conscious Discipline strategies for social emotional development

Program serves children in Summer County ages 3-5 who meet eligibility requirements. Full-day and half-day preschool options available. Specific preschool services—Head Start, special education and pre-k—are designed to serve the unique needs of the children in our communities and are delivered inclusively.
